

Intermediate status of the KÖMMERLING Better World Stiftung fundraising campaign for Ukraine

Dear all,

One week after the start of our humanitarian fundraising campaign, we can draw a very positive interim conclusion that we are happy to share with you.

As of March 7th, 64,219.45 euros have been credited to the donation account. An amount that is used or has already been used by profine for the purchase of urgently needed relief supplies (medicine, food, hygiene products, etc.) in addition to our 150,000 euros.

The numerous donations came from very different directions: from companies, organizations and private individuals in the vicinity of our locations, but also from our German and international customers, employees, etc., so to speak from the entire "profine family".

There were several large monetary donations (e.g. Kolkhorst Fenstertechnik or Textil Willhelm Pirmasens) and also numerous smaller ones. The individual monetary donations range from 50 euros to four digit figures. Various companies have also given us discounts on the purchase of goods.

We received the tank filling for the first transport from a neighboring company, team energie GmbH & Co. KG in Berlin, and MEWA Textil-Service supplied thermal underwear - to name just two examples of material donations.

We were particularly pleased that our former employee Michael Weiss, alias "Der Schokomichel" ("Chocolate Mike"), donated his income from the last weekly market in Pirmasens to the campaign.

The first truck left our Berlin plant last Friday and, after a long journey, has meanwhile reached its destinations in Ukraine.

At our Pirmasens site, more goods were stowed on pallets on Monday evening (March 7th) and loaded by trainees and colleagues so that a truck could bring them to Berlin. Yesterday, the Berlin colleagues unloaded and sorted these goods in order to prepare for the next transport - despite the public holiday there on March 8th.

We are still happy to accept monetary and material donations in order to organize further transports to Ukraine. 100 percent of the funds go to their purpose, there are no costs for the foundation, since the employees and the infrastructure of the company profine are used. Around twenty employees are currently involved in the fundraising campaign in addition to their daily work, as well as several trainees.
