

Intermediate status of the KÖMMERLING Better World Stiftung fundraising campaign for Ukraine

Dear all,

Shortly before Easter we would like to give you another little update on our humanitarian fundraising campaign for Ukraine.

The "donation clock" has currently climbed to 420,309 Euros.

This includes, among other things, the proceeds from three donation boxes from our customer box in the Mainz 05 stadium.

We would also like to thank the Gossler, Gobert & Wolters Group from Hamburg for a very generous donation in the past few days.

At the beginning of the week we handed over several notebooks to our former employee and German Red Cross member Patrick Wagner, which are used for language training for Ukrainians in a Red Cross center near Pirmasens.

Many thanks to all the volunteers who take care of the distribution at various locations in Ukraine. It is very nice to see that our help is going directly to where it is needed.

We continue to deliver to Ukraine because the need is greater than ever. In order to be able to help the people on site for as long as possible, we are still dependent on donations.

Every cent goes to the people of Ukraine! To the donation account:

We would like to thank everyone for their support so far and would be happy to keep you up to date on the development of the relief effort.
